I really loved this restaurant. the eating tasted amazing and the server was so accomodating with the inquiries we had especially when there was a part of our order wrong. we sat and served quickly. had a lot of options for eating gluten-free and I would definitely come back here! update 10/31 to new location: the space is very strange and dark. the margarita was watered and tasteless. does not look like a welcoming place chorizo queso was very tasty, like the roasted egg. the meal itself was simply ok, with some portions over-flavored, while others lacked much in the way of taste. Look forward to the diverse, scrumptious [Mexican](#) cuisine, traditionally prepared with corn, beans and chilies (hot peppers), In the morning they serve a **extensive breakfast** here. The local serves a comprehensive range of fresh and delicious *juices*.
