A complete [menu](#) of Ramp Restaurant from San Andreas covering all 17 courses and drinks can be found here on the food list. The Ramp offers a mixed dining experience, with some customers disappointed by the service and food quality, while others praise the outdoor atmosphere and views. The restaurant seemed understaffed on certain occasions, leading to slow service and mistakes with orders. However, the outdoor patio by the water is highlighted as a great spot for social gatherings and live music events. The establishment can get busy, especially on game days, making parking and service challenging. Overall, The Ramp is a decent spot for good food and a nice view, but improvements in service consistency are needed.
