Went here last night as I had been recommended this place several times by friends. Let me tell you, it did not disappoint! A ton of food, but it was delicious. The queso, burrito, and rice were particularly my favorite. Our server was fantastic too. Highly recommend! [read more](#). In pleasant weather you can even be served in the outdoor area. What [Mike Kapusta](#) doesn't like about Pepe's MI Mexico:

Look forward to the diverse, scrumptious [Mexican](#) cuisine, traditionally prepared with corn, beans and chilies (hot peppers), and you may look forward to the delicious classic [seafood](#) cuisine. In case you want to have breakfast, a *hearty brunch* is offered to you.
