What [Mark Zemlak](#) likes about Blue Dot:

This burger is one of Pensacola's best. Sometimes I eat food so well that I think God is real. This is one of these foods. I hate a sad tomato on a burger, most of the time I tell them to leave. But they season the whole burger for perfection, including the sleep covered with sauce and it is only a good time overall. 10/10 would love to eat again, which is just on point keeping. It was ok. The burgers are good. Customer service not so much. Wasn't impressed with the inside. The lack of hospitality. I mean I'm sure others serve good burgers. [read more](#). At Blue Dot in [Pensacola](#), *tasty, juicy, delicious meat is freshly roasted* on an open flame and served with delicious sides, Naturally, you should also taste the fine burgers, accompanied by sides like fries, salads, or wedges offered. When you're not so ravenous, you can just treat yourself to one of the scrumptious sandwiches, a healthy salad or another snack, and you can try scrumptious American dishes like **Burger or Barbecue**.
