*Edited again*Whoa! A massive increase in price. Not worth it anymore. I am tapping out.*Edit* the very courteous explanation in response to my previous review deserves an adjustment to my initial rating. The food is really really good, and the effort is there. To Island Poke Plus' responder: Thank you for taking the time in making the situation clearer. 5 stars.Great food! No idea about the service as I've ordered taken out. They don't pick up after 3 calls. Then put you on hold for 10 mins. Called back and the line was busy. Probably understaffed. Either way unprofessional. Business is not what their looking for. That being said I kept trying to call, because the food is great. Get excited about the diverse, fine Mexican cuisine, which is traditionally cooked with corn, beans and chilies (hot peppers), Delicious particularly are the [Sushi](#) and delicacies like Sashimi that this restaurant is known for. It's precisely the freshness and lightness together with the typical spices that not only brings fine dishes to the plate, but also puts the guests into a pleasant holiday feeling for a short time.
