I hired them to make the food/lead the bar for my art exhibition. I am also impressed by not only eating, but the personal. All were polite, did what they needed, and more. eating is 6/5! so delicious, very [vegetarian](#) friendly, fresh and altogether just wonderful. I am so happy with everything they do and I suggest [buying](#) from them. rather just a meal for yourself or for a event. [read more](#). The restaurant offers free WLAN for its customers. What [User](#) doesn't like about Peter's Palate Pleaser:

Very adequate deli. The food is decent, the staff attentive. Prices on the website have not been updated to reflect the actual (much higher) prices (which caused us sticker shock). Special orders (cake) can be hit or miss without more than two days advance ordering notice (we weren't notified that, no, the cake we were promised wouldn't be ready after all). It's ok in a pinch. The restaurant also offers its customers a *catering service*, Furthermore, the drinks menu in this eatery is impressive and offers a good and comprehensive diversity of beers from the area and from worldwide, which are definitely worth a try. With fresh seafood, meat, as well as corn and rice, here they also South American grill, Here, the barbecued food is freshly **cooked** on an open flame.
