What [User](#) doesn't like about Santasiero's: I was going to give them five stars initially. The service was great and the food was really good. It's a cool little restaurant! I brought my chicken parmesan leftovers home to have the next day. Unfortunately, when I cut into it and looked a little closer, I noticed that they use processed chicken which is very sub-par and not good for you. Hopefully they'll return to actual chicken one day.
