What [Danielle Rogers](#) likes about Subway: First off most people just tap their card without realizing you have a tip option and you end up hitting it by accident we can't control that idiot and second person if an online order comes in before you do then that order is done first that is the point of online orders get over yourselves [read more](#). What [Dallas Ledet](#) doesn't like about Subway: I was the only person at the subway and they made me wait until they had made three other sandwiches for an online order. So I guess the one who walks in gets put last because an order came in. You should take care of the customer in front of you!!! Not the one who was too lazy to come in and eat. If you want to order your food and stay home and eat. That's fine but they should get put next in line [read more](#).
