For downtown Philly, I was expecting to pay more. We actually left a few other spots cause the al la cart menu style would have been close to \$100 for the 4 of us. Spent less then \$40 for a whole pie, a large bag of chips, family size fries and 4 drinks. Plenty of food, and was good. I wasn't expecting much but was a great lunch with the family. Staff was super nice too. [read more](#). What [dOGulas](#) doesn't like about Dolce Carini Pizza:

Decent NY style pizza, inexpensive for the area. Only real negative is they flood all ordering sites (Doordash, Grubhub, etc. with a million fake ghost kitchens that are really just them, sectioning off their menu. I counted no less than 15 on GH once. Check the address people, it 's all the same joint. Tacky and annoying, but as I said the food is decent.
