(Also posted on Glou..wasn't sure which to use) Nice, no-fuss neighborhood spot with great pizza and wine selection. Glad I finally made my way to check it out. Once we walked in, the owner greeted us and let us know to grab a table and come up to the bar to place our order when we were ready. We ordered The Sam and El Jordi. Both were super good. Something about the goat cheese and hot honey combo did it for me though!! I was surprised with the first bite I had. The focaccia bread was definitely a nice and unique touch. Perfect compliments all around. I'm a sucker for mushroom pizza so I'll definitely come back to try that next. What [Harold Owusu](#)

[Ansah](#) doesn't like about Corner Pizza And Wine:

Amazing pizza but I don't understand how they operate. I've passed by on multiple random Saturdays and you'd think they're open, but they're not. They also don't have a phone number listed so you can't call to find out if they are. It's 5 star pizza if you're lucky to buy some. Lastly, sometimes they don't turn off the online ordering when they're not open. [read more](#).
