The West side location used to be our favorite. I didn't even know this one existed until I Googled it. In pleasant weather you can even eat in the outdoor area, And into the accessible spaces also come visitors with wheelchairs or physiological limitations.

What [Gregoria Koss](#) doesn't like about Burger Lounge:

A burger, fries, and a drink came out to over \$18. Just the burger is \$10. Literally double the price of in n out. I don't know what they are doing with the pricing here, but you can get better food at in n out for half the price. [read more](#). During a meal, a good drink is essential. In this *gastropub*, you not only get delicious cuisine from the menu but also a comprehensive and particularly good selection of good beers and other alcoholic beverages that go well with the food, The tasty **sandwiches**, small salads and other snacks are also suitable for a snack. Most often, the burgers of this restaurant, which are among the highlights, are offered along with filling side dishes like french fries, salads or wedges, It's possible to chill out at the bar with a freshly tapped beer or other alcoholic and non-alcoholic drinks.
