A **comprehensive [menu](#) of Simply Thai** from Copiague covering all **17** courses and drinks can be found here on the card. Rain Thai, the successor to Simply Thai, has sparked diverse opinions among diners. While some patrons revel in the innovative menu and flavorful dishes, others express disappointment over bland flavors and unsanitary conditions. Signature items, like the vegan curry puff and bubble teas, earn praise for their quality and creativity. However, some dishes, such as tom yum soup, veer too sweet for many tastes. Cleanliness and attention to detail have also been questioned, highlighting inconsistencies in food preparation. For those seeking authentic Thai flavors, the search continues as Rain Thai settles into its new identity.
