Trophy's restaurant, despite its charming atmosphere and extensive menu, receives mixed reviews from patrons. While some appreciate the lively bar scene and tasty offerings, such as chicken tenders and ribs that "fall off the bone," others report problematic service, often citing unfriendly bartenders and slow wait times. Detractors also express concerns about cigarette smoke permeating the dining area, potentially discouraging non-smokers. Despite a solid beer selection and creative menu items named after trophies, the inconsistency in food quality and service leaves many unsure about a return visit—making it a local establishment that invites both praise and caution.
