This dairy queen reminded me of how they used to be when I was a child. The restaurant was spotless and everyone was very polite. The burger and fries were cooked perfectly. I even saw the cook wash his hands between orders. The manager has done a great job. Worth the short drive to [Archer City](#) for sure. [read more](#). The place also offers the possibility to sit outside and be served in beautiful weather, And into the accessible spaces

also come customers with wheelchairs or physical limitations. What [User](#) doesn't like about Dairy Queen: the lady who took my order did not pay attention. the children in back-cooking had a great job with the one they had to work with. our order was wrong, and she didn't give us the whole order, had to ask for our blizzards, they were futile and had to ask for spoons. enhances the value of a visit to Dairy Queen, Of course, you also have to try the *fine burgers*, that come with sides like fries, salads, or wedges served. Most **dishes are prepared in the shortest time for you** and served, In the morning a hearty brunch is offered here.
