Loved the cod (not too fond of the rice). Great waitress and there was a car show somewhere near and all these old cars were driving by! With the huge plate glass windows in the area we were seated, we had a perfect view of all those old classics! There are just a handful of good eateries (only about 3-4) in Shepherdsville and this is one of them. Definitely will be going back. [read more](#). When the weather conditions are good you can also have something outside. What [Cinjebar](#) doesn't like about The Fish House And Grill:

Overall it was clean and food was average. Without going into a long story I was charged for a side that I should have not been charged for because the waitress did not tell us. They were at fault, yet they would not take the charge off. If I had time I would have talked to the manager. I will not go to a place where they are not fair. I would have given them a four rating otherwise. [read more](#).
