What User likes about The Lighthouse: great local bar. two billard tables, jukebox, dartboards, good fresh popcorn and an amazing beer selection with many designs and bottles. many microbrews that can be a little expensive, but worth it. large space for dance floor that can be used/rented for parties. occasionally hosts live music. What User doesn't like about The Lighthouse: The bartender told us she didn't have ginger beer to make a Moscow which was fine until she started making fun of my girlfriends drink order with other customers. Very rude and mocking us the whole time. If we had done something wrong I would get it but no need to trash people for a drink when you literally work in a bar. WILL NEVER GO BACK HERE [read more](#). It's definitely always an event to be in a *typical saloon* and to enjoy; to feel like a cowboy for once with a beer and also the finger food like crispy fries, onion rings or a hearty burger, Furthermore, the drinks menu in this restaurant is impressive and offers a good and extensive assortment of beers from the area and from worldwide, which are definitely worth a try. After the meal (or during it), you can still relax at the bar with a **alcoholic or non-alcoholic drink**.
