What [Melanie Melanie](#) doesn't like about Luna Azul Mexican Cafe:

The food was okay. A little overcooked, and took quite a while and the restaurant wasn't very busy. Out of all the Mexican food restaurants in this town it is the best one, but definitely not the best Mexican food restaurant that I have ever been to. Look forward to the diverse, fine Mexican cuisine, traditionally prepared with corn, beans and chilies (hot peppers), You'll also find tasty bites, cake, simple snacks and chilled refreshments and hot beverages here.
