Great casual [seafood](#) restaurant with indoor and outdoor seating and indoor and outdoor bar. Super nice staff and dog friendly. [Seafood](#) is above average, but their fish and chips are the real deal. Super flaky and moist accompanied by perfectly seasoned frits. [read more](#). When the weather conditions is nice you can also have something outside. What [User](#) doesn't like about Harbor View:

Did not enjoy our experience here. It has a great view, but that's it. Smoking is allowed outside at the bar, so it's very smoky. The service was odd in that you order drinks at the bar, but have to catch the attention of the server as she walks around. We had to wait for a while for her to come by. The spinach salad was wilted and leaves going bad. It was mostly inedible. [read more](#). During a meal, a good drink is essential. In this gastropub, you not only get delicious cuisine from the menu but also a comprehensive and particularly good assortment of good beers and other alcoholic beverages that go well with the food, The delicious sandwiches, small salads and other snacks can be planned well as a snack. Furthermore, you'll find delicious American dishes, like for instance [burgers and grilled meat](#) on the menu, fine particularly are the Sashimi and specialties like Sashimi that this restaurant is known for.
