Really affordable [Mexican](#) food. I got the taco plate with beef steak, and it comes with beans and rice all for \$11.

You can't beat that price! The sides were really good; the refried beans were probably the best I've ever had. However, the tacos were a bit bland, and the meat was dry. So next time, I'll try a different meat, and I wouldn't recommend the beef steak. Still worth coming back and trying it out! [read more](#). What [User](#) doesn't like about Chimalhuacan Taqueria:

Made my order then people behind me made their order and for someone reason they got served first. Barbacoa had a really strong and unpleasant smell. Order 7 tacos because I was with my kids and only got 2 thin slices of lemon. Union and cilantro had almost no cilantro in it. Cups where they served drinks smell terrible. Not a very sanitary place.
