What [Amy Burkhart](#) doesn't like about Arby's:

Meh. The fried food and roast beef are great, but the buffalo chicken wrap is a bust... Too much buffalo sauce that it's seeping all over the place and the chicken in mine wasn't cooked, it was RAW... The bathroom and indoor dining area really need an upgrade but since the company is closing so many of it's stores in this area, I doubt corporate will bother to invest in this location.
