\$6 for the beef rice roll. It's 3 strips about 18cm each. Not a lot of meat given but pretty tasty and satisfying. Place is small with about 4 2-tops. Really a take-out kinda spot. A little expensive for what it is but everything is nowadays. I'd recoif you're in the neighborhood. Soft 3 overall. If you're desiring some **spicy South American cuisine**, you've come to the right place: delightful dishes, cooked with *fish, seafood, and meat*, though corn, beans, and potatoes are also in the menu, and you have the opportunity to try tasty American menus like **Burger or Barbecue**. Many visitors also especially enjoy the versatile, tasty Chinese cuisine.
