Usually when there's a Bill Grey's, there's an Abbott's. After our meal, I got a single scoop (\$5) of the vanilla almond ice cream with a cone. I really liked how the almonds are infused into the ice cream, which gave it a nice crunch inbetween the creamy custard. The flavor is something different, but so tasty. Gotta always end any meal with some good ol' ice cream. [read more](#). What [User](#) doesn't like about Abbott's Frozen Custard:

3.5/5 I got a chocolate waffle cone. I had them dump on some hot fudge since they were out of the dipped cones and I'm fat. It was pretty good. I was surprised by the limited options of flavors they only had vanilla or chocolate custard. Abbott's Frozen Custard from Rochester is the perfect place if you want to taste delicious *American dishes like burgers or barbecue*, You can also discover tasty **South American** dishes in the menu.
