A complete [menu](#) of Applebee's Grill from Utica covering all 17 courses and drinks can be found here on the menu. Dining at this restaurant offers a mix of culinary delights and service challenges. While many patrons rave about the delicious American cuisine, including standout dishes like boneless buffalo wings and the value of meal deals, service inconsistencies overshadow the experience. Long wait times for food and drinks, miscommunication in orders, and a lack of attentive service mar the overall enjoyment. However, the cleanliness of the establishment and the friendliness of certain staff members provide a silver lining. With potential for improvement, particularly in service efficiency, this restaurant remains a place worth visiting for a tasty meal, albeit with tempered expectations.
