The restaurant is accessible and can therefore also be used with a wheelchair or physiological limitations.

What [User](#) doesn't like about Fancy [Sushi](#):

Staff was expedient, however we had to **flag** one down to get chopsticks. Waitress that took our order did not know the difference between sushi rolls, nigiri, and sashimi. A different waitress also walked away from me in the middle of asking a question. The roll I received when I ordered nigiri was simply put: mush. Overall terrible experience, will not be eating here again. [read more](#). If you crave for **tasty snacks**, Fancy [Sushi](#) with its *magical desserts* can easily make an end of it, among the delicacies of this restaurant are especially the Sashimi and Inside-Out. A lot of freshly harvested vegetables, fish and meat is used in the **easily digestible Japanese cuisine** of Fancy Sushi.
