What [User](#) likes about Javier's:

excellent drinks and separate vegan/vegetarian menu. we really enjoyed our meal and the staff is familiar with vegan nutrition and are super helpful! thank you alexandra! [read more](#). What [User](#) doesn't like about Javier's: big salsa and chips! make sure they know that they are vegan when they order guacamole. I had the mushroom tacos they taste, but my recommendation would be three instead of two to serve. tears and drilling were very easy. I'm still coming back! they also work on more vegan options. updated by previous review on 2022-03-18 [read more](#). You can at Javier's from Las Vegas [try delicious vegetarian dishes](#), in which no animal meat or fish was brought into play, Especially, many guests are looking forward to the **diverse, delectable Mexican cuisine**.
