What [User](#) likes about Taste Of India:

I ordered online for pick up. The food was delicious and the server was great when I came to pick up my food. We don't have a lot of experience with Indian food so I wish the curries were labeled so we knew which to order again. One was slightly spicy and thin while the other was slightly sweet and creamy. Both were super flavorful just depending on the mood depends which we would like to get again. [read more](#). What [User](#) doesn't like about

Taste Of India:

Ordered food online at 8:15 PM. ETA was given as 8:45. Reached the restaurant to pick food at 9 PM. We were told that the order is not received. Showed them the message and online confirmation. They started cooking and gave food in 5 minutes. Horrible, half cooked food it was. Total waste of money and time. Never going back again. [read more](#).
