I could not resist there house gluten-free granola made I was all absolutely perky [read more](#). What [User](#) doesn't like about Seed Bakery:

\$20 for a very small apple cake but they could not spend time to peel the apples. The texture in the mouth and tongue was unpleasant because the apple skin was not soft, it did not help the medium taste. Seed Bakery from Pasadena is a relaxed café, where you can have a small snack or cake with a **warm coffee or a hot chocolate**, for breakfast they serve a tasty breakfast here. When you're not so ravenous, you can just treat yourself to one of the delicious sandwiches, a small salad or another snack, Also, there are **oven-warm breads** available, complemented by an array of both cold and hot drinks.
