2022 October, I called in the morning, they said HOT sign was not on right now and should be on between 6 and 7pm. Between 6 and 7pm, I arrived and HOT sign was not on. I called and asked about the HOT sign and someone said that the HOT sign will not be on today. 5 years prior, I said, Location, location, location. Why did they decide on this location? It is located between an exit ramp and traffic light. When you try to get into the parking lot, you have to squeeze in between cars that are trying to get on battlefield Blvd and those waiting at the traffic intersection. I was concerned that someone would hit me from behind (rear end collision). Donuts were good though. Krispy Kreme from Chesapeake is the perfect place if you want to taste fine American courses like burgers or barbecue. You'll find nice South American dishes also on the menu. It should not be forgotten that there is a comprehensive variety of coffee and tea specialties in this restaurant.
