This Resturant needs to hire a cook from Africa to make these meals appropriately. They also need to cook the meat in the soups to get a more authentic flavor. I ordered three types of soups and some African delicacy?s and none tasted authentic. I really love the menu but recommend someone who knows how to cook the food right is immediately hired. Thank you. [read more](#). For customers of the establishment, the catering service is also available, They also present nice **South American** meals to you in the menu.
