They have a wide variety of sushi to choose from. Sushi came out fast. All you can eat for around \$38. The place is kind of small. Overall, I will visit again. Kid-friendliness: They have a kids menu. [read more](#). The restaurant and its rooms are wheelchair accessible and thus reachable with a wheelchair or physical limitations, Depending on the weather, you can also sit outside and be served. What [8BitPanda](#) doesn't like about Sapporo Sushi:

Service was a bit slow but overall it was decent. Food was good but some of the rolls felt too drenched in sauce. All you can eat option has a lot of variety in rolls and appetizers, but they exclude some items from their menu such as curry and friedrice. Could of been better, but would still recommend if you want all you can eat sushi.
