The restaurant from Quincy offers 5 different menus and drinks on [the menu](#) at an average price of \$7.3. What [Anne M](#) likes about Great Chow:

I had a bad experience with the UberEats driver when I ordered here, but the Great Chow manager went above and beyond to make sure I had what I ordered. Helpful hint do not order online. Call the restaurant directly and they will deliver on time and with a smile. Wonderful customer service and delicious chicken fingers! [read more](#).

What [kathiana souffrant](#) doesn't like about Great Chow:

My family has been coming to Great Chow for dinner and the food has always been good and plenty. We usually opt for the pupu platter and pork fried rice. Unfortunately I found a roach in the pork fried rice. This was after taking home left overs from my last dine in experience with them. Needless to say I will not return. [read more](#).
