We'll cook for a quick meal before you. Many vegan and **vegetarian** options such as tofu, and many vegetables. We filled a bowl, followed the instructions for the sauce and handed the bowls to the cook. We also got the egg drop soup, and the whites as sides. [View all feedback](#). What **User** doesn't like about Wokn South Mongolian Bbq:

The first time here we decided for everything you can eat. At first I didn't think there was enough of a choice, to my surprise it was just enough. It was very good, the food was delicious. Remember that you add the taste with their sauces. I'd rather be friends and family. [View all feedback](#).
