fantastic. variety of meat/cobos or simply build their own sandwich. I wouldn't call it fast because it's busy during lunch. but they go as fast as possible and keep the high quality. good offer of bottled drinks. [View all feedback.](#)

What [User](#) doesn't like about Driftwood Deli Market:

\$16 for two pieces of thin sliced pastrami on Dutch brot with salattomato. the hired was nice. I wondered if I was hungry and said yes, but come on: the following day returned and told them what happened, and they did the right thing?.
