great service, nice food choice, best Indian food in the opposite of my opinion after. there are no children's menus, but they can easily find chicken for a child to eat or share adult plates. my 5-year-old loved the chickens on the Tandoori menu. Zero star! We ordered biryani and received Pulav too much less in quantity. When we called the owner to complain, he kept himself very rude image of a plate biryani and received a bowl quantity. Also price was very high.. I would not recommend this restaurant. [View all feedback](#).
