The food was a bit pricey but I'm sure it's because of location and everyone cutting through on their way home from the Adirondacks. But the outside seating was perfect since it was pouring rain and it was covered. The food was delicious and the staff was very kind. Would have been five stars if not for the high prices. What [User](#) doesn't like about Inside Scoop:

I asked if they had hot sauce for my bacon cheese burger and if not, to put ketchup and mustard. The gal at the window inquired and said yes we have it. My burger came with chicken wing sauce on it. They should have said, this is what we have, chicken wing sauce and I'm not talking Frank's Red Hot. It was whole other animal, not meant to be on a burger. On a positive note, the rest room was clean. [View all feedback](#).
