What [User](#) likes about Saki Endless Sushi And Hibachi: great food, good service. in the rule when they go somewhere that offers endless or buffet style, they sacrifice quality for quality. this is not the case. the quality of eating is great, just write this review makes me more [sushi](#) and gyoza [View all feedback](#). What [User](#) doesn't like about Saki Endless Sushi And Hibachi: food is great. staff friendly but when they want to charge you for rice that u asked not to have with the order cause they say they will get in trouble is kinda ridiculous...and basically if the rice if forced to come with the meal and u are paying for the meal or the endless meals how can they charge u twice???this should be illegal [View all feedback](#).**
