I ordered the Margherita pizza and it did not disappoint. One of the best pizzas I've ever had! The dough is pillowy soft with a nicely charred crust. With every bite delivering a delicious taste of Marzano tomatoes and creamy mozzarella. You will want to savor each and every bite before it is gone. Speedy Romeo is a standout spot to visit and you will not leave disappointed [View all feedback](#). What [Preston Gutierrez](#) doesn't like about

Speedy Romeo:

Overall not impressed with the food. We got the burger, which actually had potential however the bun was ice cold, like right out of the fridge, which ruined the entire thing. We also ordered the Truffle Shuffle pizza which was mediocre at best. We were going to try the chocolate marshmallow dessert however based on the food thus far we opted not to order it. Would not come back unless I was forced. [View all feedback](#).
