Their overall flavor is lean to light, really good to try out especially in summer, also they provide high quality special seafood where is hard to find in fusion sushi restaurants. My personal favorites are: giant clams, oyster, scallop, cherrystone clam, shima aji, and sliver salmon. [View all feedback](#). What [Jesse Carroll](#) doesn't like about Sushi Yasuda:

My guest and I had the Omakase 15. Unexciting, monotone, and ordinary, yet delectable, sushi that was way overpriced (\$10 per piece) in a boring and sedate setting. May be good for a business lunch, but that's it. [View all feedback](#).
