Our waitress was terrific even though there were many people in the restaurant. We enjoyed the food, especially the chicken tenders. They have a large number of beers on tap. We enjoyed happy hour prices. We were able to hear each other easily yet not be concerned we were disrupting others. So, I thought the noise level was just right. The bar stools at our table were comfortable. [View all feedback](#). What [Makenzie Berge](#) doesn't like about Fox & Hound Pub & Grille:

The atmosphere was really good, and the servers were really nice. however we went there for my dad's birthday and we reserved one of rooms for a party of 20+ a week prior but it seemed no one was aware of it when we arrived. Good news is the a party was leaving in an hour, and the manager tried to make things better by giving us two sampler platters that the have on the menu, for me that would have been fine. Too bad...
