The restaurant from Ogden offers **18 different dishes and drinks on the card** at an average price of \$8.6. What [Henry Swaniawski](#) likes about Fuji Dragon:

Good food and good service even if you fall an hour before closing. Dinner combos are massive amounts of food. The appetizer dish is a must to get. Great place to grab take-out too, I can usually order and it is ready to go there, hot and fresh. [View all feedback](#). What [Paul Sipes](#) doesn't like about Fuji Dragon: eating is good, the service is terrible. I gave him some chances to see if it gets better and not. I understand that they can be brief, but be honest when they are. both of them I have taken out, I have said it will be ready in 30-40 minutes and then it has taken over an hour. when it will take time, they simply tell people or stop taking orders when they are too busy.
