Order online cause everything else than bakery takes FOREVER. After I said that, I never had anything from here that was not absolutely delicious. Can't do anything wrong, try everything. I love that they also offer local products (the Balsamico vinegar is the best I ever had). Support your local restaurants, they are really a kind of gems that cannot be replicated! Came here for breakfast with my partner. Their order was correct, and they enjoyed it very much. Mine, however, was not correct. Bagel with veggies, but some of the veggies were missing and they offered me 1/2 an avocado but only gave me about 1/8. Also made my drink iced instead of hot. In their defense, it was a busy Friday morning. Bagel and drink were still tasty, just not quite what I ordered. [View all feedback](#).
