FOR WHALES

What is chemically reducing our carbon footprint is the problem. By limiting our menu to a choice of gin and vodka, we are a 100% carbon neutral bar. We have 50% of our gin and vodka sourced from Oregon.

A health and welfare of marine wildlife in local surrounding areas from wine and washed seafood, and developing a marine life will directly benefit our local marine community.

We will give directly to the SDC charity every 100 hours. Please donate help in reducing our carbon footprint and our ocean's health.

Save and Mother Nature, we thank you!

STAINABILITY

By delivering a menu consistent with our environmental conscious food options, it locally sourced, certified organic, and a health and quality our guests support every day. We are committed to being a sustainable bar, organic, and locally sourced. We are committed to being a sustainable bar, organic, and locally sourced.
